

FOR IMMEDIATE RELEASE

Signature Systems Group, LLC Awarded GSA Multiple Award Schedule 56 and 78 Contracts

Signature Systems Group to Provide Modular Flooring, Staging, Portable Roadways, and Fencing to the Federal Government via the General Services Administration

June 7, 2013, New York - Signature Systems Group, a world leader in the modular flooring, fencing, and portable roadway industries, announced today that the company has been awarded the U.S. General Services Administration (GSA) Schedule 56 and 78 Contracts. Schedule 56 includes portable roads, airstrips, and helipads and Schedule 78 includes flooring and fencing products.

With the award of the Schedule 56 and 78 Contracts, local, state, and federal governments can now obtain fair and reasonable approved pricing for Signature's modular fencing, flooring and staging products, as well as direct access to a team of expert salespeople who can address the specific needs of these agencies.

"Over the years Signature has provided countless products and services to the US Government. Acquiring a GSA contract was a natural step to growing our already strong relationship with government agencies," said Arnon Rosan, Signature's President and CEO. "Signature understands the unique needs of government organizations and we look forward to supplying our products and services through our GSA contracts."

This contract allows Signature to more effectively service government and military agencies and increases their already strong presence in those industries. Signature has installed modular shelter and command tent flooring, portable roadways, and temporary stages for a variety of government and military clients across the entire globe, including disaster relief efforts in Haiti and after hurricanes Katrina and Sandy.

Signature Systems Group, LLC manufactures a wide variety of high-quality modular fencing, flooring, and portable roadway systems and has supplied products and expertise to projects around the world, including the 2012 London Olympic Games. In addition to its headquarters in New York City, Signature has sales offices and distribution hubs in Maryland, Florida, California, and the UK.
